

Nakamura TW10

Technical drawing of a mechanical part with dimensions. The drawing shows a rectangular plate with a central rectangular cutout. The overall dimensions are 60 units in height and 100 units in width. The central cutout is 30 units wide and 25 units high. There are four circular holes, each with a diameter of 25 units. The holes are located at the corners of the plate, with a center-to-center distance of 40 units between adjacent holes. The dimensions are given in millimeters (mm).
